

SRX906LA CASE

Road Case for SRX906LA

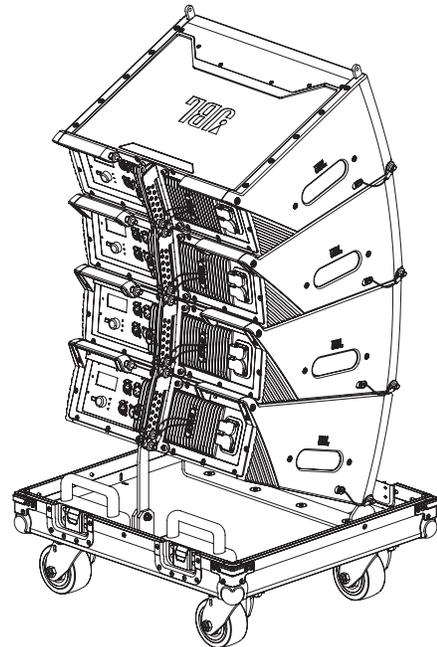

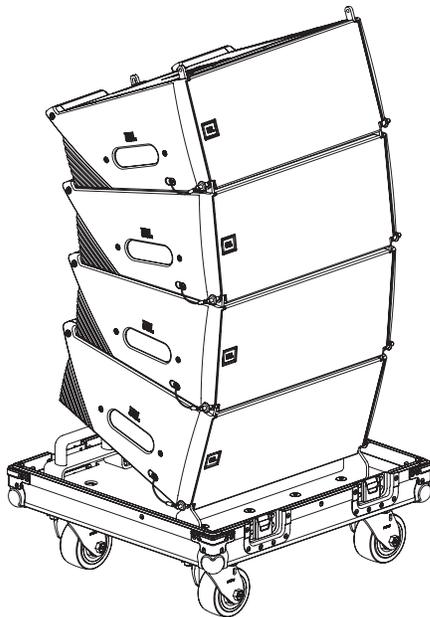

HIGHLIGHTS

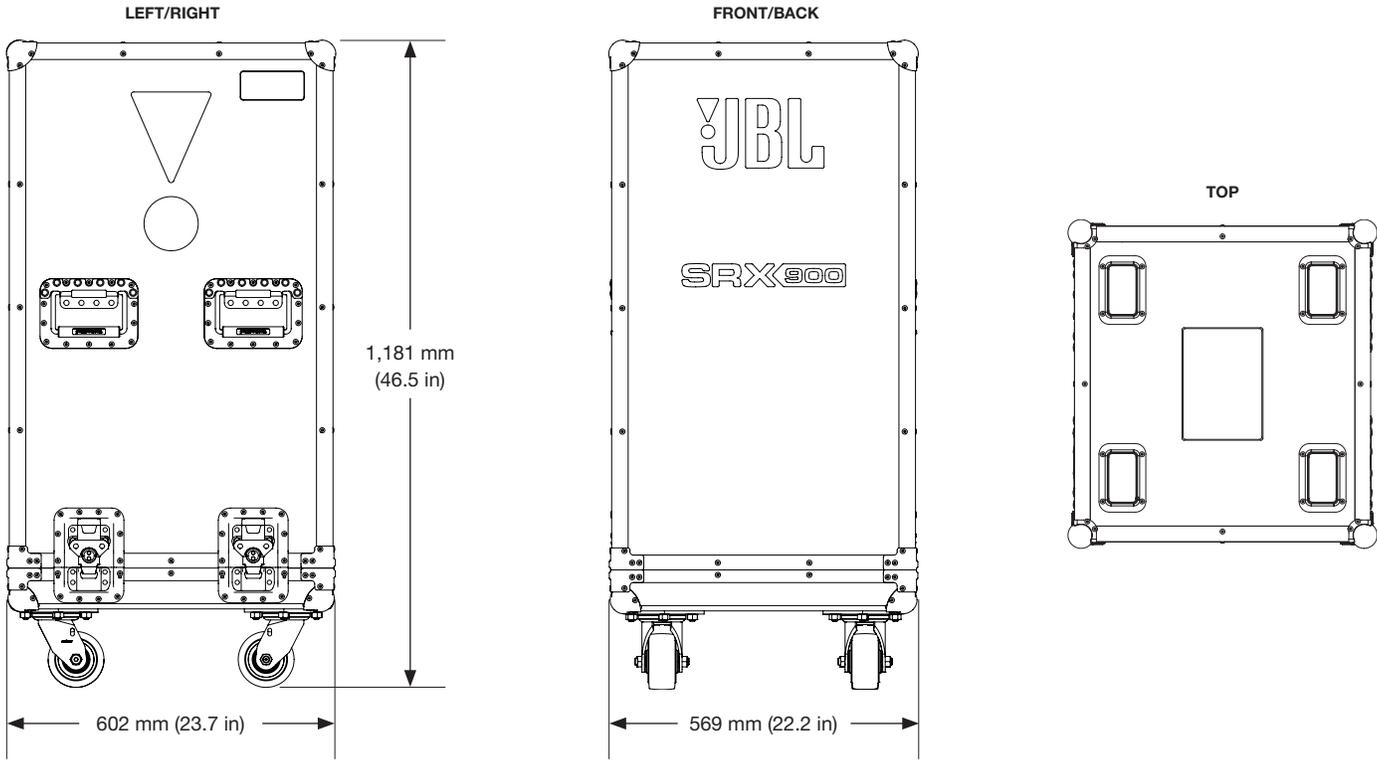

- Road case for (4) SRX906LA speakers
- Truck-friendly dimensions
- Built-in stacking features for easy storage
- Impact-resistant DuraFlex™ finish
- Heavy duty casters

DESCRIPTION

The SRX906LA CASE is a robust, lightweight solution for vertically transporting up to four SRX906LA enclosures. The case is constructed of exterior grade birch plywood and finished with the impact-resistant JBL DuraFlex™ coating. The case includes internal steel brackets for attaching to the SRX906LA cabinets. At the top of the case, a shipping label is available. For more information about the case, refer to the **SRX900 Series Rigging Manual**.

JBL continually engages in research related to product improvement. Some materials, production methods and design refinements are introduced into existing products without notice as a routine expression of that philosophy. For this reason, any current JBL product may differ in some respect from its published description, but will always equal or exceed the original design specifications unless otherwise stated.
