

FEATURES

- Original Germany gold diaphragm microphone for clearer vocals.
- Ultrawide audio response chip for high fidelity reproduction of human voice.
- Various sound reverberation effects make the sound more spatial.
- A variety of sound equalization effects to adjust the mid, high, and bass experience at any time.
- High-definition TFT display, screen layout with more intuitive display of each function.
- The feedback suppression module makes the singing sound beautiful, effectively preventing whistling in various situations.
- Radar scanning, adjustable channels from 200 to 400, enhanced reception, and prevention of interference.
- Diversity wireless technology makes distance greater than 200 meters.

SPECIFICATIONS

| Model | V600-G2 |
|--------------------------|---|
| 2 Channel | 2 Wireless Handheld Microphone |
| Power Supply | DC12V |
| Output Interface | 2 x XLR (BALANCED) Output, 1 x A+B (Channel mixed) Output |
| Transmitting Power | ≤30mW |
| Number of Channels | 200 to 400 |
| Working Distance | Up to 200M |
| Frequency Range | 560-680MHz |
| Stereo Graphic Equalizer | Pre Set x 6 |
| DSP Sound Effect | 6 |
| Signal to Noise | ≥50dB |
| Channels Spacing | 250KHz |
| Frequency Bandwidth | 120MHz |
| Pickup Type | Dynamic |
| Display Method | 2.4-inch TFT |
| Antenna Interface | BNC/50Ω |
| Product Dimension | 48cm(L) x 17.5cm(W) x 4.5cm(H) + Antenna: 26cm(H) |
| Packing Dimension | 53cm(L) x 41.5(W) x 8cm(H) |
| Product Weight | 2kg |
| Packing Weight | 3kg |
| Master Pack QTY | 5pcs |
